Why partner with us?

- One person sees patients, dispenses herbs, runs the cashier and cleans — no time to focus on medicine.
- Scope limits: you specialise in gynaecology but must turn away orthopaedic or acupuncture cases.
- No brand or team means high new-customer acquisition cost.
- When you take leave, patients drift to competitors.
- Facing malpractice and compliance alone is risky.

What VINATH TCM brings to you

- Digital practice platform: online booking, EMR, e-prescription, automatic billing and invoicing — all in one.
- Home-visit bookings: patients book online, you visit and treat; the platform schedules and settles; revenue is yours.
- Two-way referral: you send orthopaedic cases to Vincent; we send gynaecology cases to you.
- Product supply chain: VINATH' s own compliant product line (teas, herbal soups, washes, plasters) at partner-only pricing.
- Brand backing: practise as a "VINATH Certified Practitioner" — a unified image, not a lone name.
- Compliance support: shared PDPA documents, registration guidance and liability insurance advice.
