Why partner with us?

- One person sees patients, dispenses herbs, runs the cashier and cleans — no time to focus on medicine.
- Scope limits: you specialise in gynaecology but must turn away orthopaedic or acupuncture cases.
- No brand or team means high new-customer acquisition cost.
- When you take leave, patients drift to competitors.
- Facing malpractice and compliance alone is risky.

What VINATH TCM brings to you

- Digital practice platform: online booking, e-medical records, e-prescriptions, automatic billing and invoicing — your practice toolkit in one place
- Home-visit & tele-consult referrals: patients book online, you visit and diagnose; scheduling and patient flow managed by the platform
- Two-way referral: you send orthopaedic cases to Vincent; we send gynaecology cases to you
- Product supply chain: VINATH's own compliant range (herbal teas, soup packs, external wash, patches) at exclusive partner prices
- Brand backing: practise as a VINATH Certified Practitioner — not a lone name
- Compliance support: shared PDPA documents, registration guidance and liability insurance referral

Who we are

About VINATH TCM

VINATH TCM HEALTH CARE exists to help good TCM practitioners reach more patients. Through online booking, home-visit consultations and a compliant product range of our own, we provide digital practice tools and brand support for licensed practitioners.

Three partnership models

Clinical Partnership	Product Partnership	Brand Certification
Accept home-visit consultations as a VINATH Certified Practitioner; set your own fees and schedule; platform provides booking, e-records, prescriptions, billing and invoicing.	VINATH’s own compliant range (herbal teas, soup packs, external wash, patches) at exclusive partner pricing for in-clinic recommendation or independent sales.	Practise under the “VINATH Certified Practitioner” identity with shared brand backing and marketing channels; terms negotiated.

Indicative cooperation fees

- Platform service fee: agreed per partnership model and order volume (subject to the formal agreement)
- Product partner pricing: per the current Partner Price List
- Brand certification: negotiable
- Shared resources: booking & e-record system, billing/invoicing, marketing materials, cabinets & sterilisation equipment (clinic setting)
- Compliance & insurance: PDPA documents, registration guidance and liability insurance referral included

* This proposal is for reference only and does not constitute an offer or contract; all rights and obligations are governed by the formal partnership agreement signed by both parties.
